

Our opening date for this coming 2018 season is 3rd April.

New for this season will be our upgraded, refurbished and modernized Nemo block, which is the small block opposite Smithy's bar.

The rooms in this block will now all be classed as "superior" accommodation.

Tui have superior rooms and superior with limited seaview (new room type) available to book in this block.

If you prefer to book direct with the hotel it is possible to book just superior rooms in Nemo or we have 3 new suites to offer in this block:

*Top floor suite 442 facing the back with large terrace and sunbeds.

*Top floor suite 444 side seaview with large terrace, sunbeds and an outdoor Jacuzzi.

*Ground floor suite 700 facing the promenade and Smithy's. All 3 suites sleep up to 4 people and wheelchair friendly.

Therefore, now if booking a superior room in our hotel with no view, your room could be on the back of our Bar block, back of Nemo block or any room in Reception block.

If you book superior with seaview or junior suite then you would be allocated a room over the bar area (1st, 2nd or 3rd floor). If you book superior with limited seaview your room would be on the front of our Nemo block (1st, 2nd or 3rd floor).

All our "standard" accommodation with or without seaview will now be either in Pergola or Cala Azul block, our 2 other small blocks. For more information contact the hotel.
